5.2.1: Higher Education

Thank you for your application to the University of Greenwich. I am pleased to offer you a place on the programme specified above. You will shortly receive a second emailed offer letter which will include your 'Student ID' which you will need to arrange payment of the pre-registration deposit and to accept your offer of place. If you have not received this email and you wish to pay your deposit, please contact your agent who will obtain the 'Student ID' from the university or email international@gre.ac.uk

Tuition Fee & Pre Registration Deposit

The pre-registration deposit is the first payment towards your tuition fees; it reduces the tuition fees payable on registration and confirms your place on the programme offered. It can be paid by a Bank Draft made payable to the University of Greenwich or by direct transfer to the university's bank account.

The deposit paid to confirm the offer of place is only refundable where the applicant provides evidence that the application for a student visa was not accepted for the year the academic offer was made.

Full details of tuition fees, the pre-registration deposit, how to pay the deposit, university bank account details, available bursaries and scholarships and links to the charging and refund policy can be found at https://www.gre.ac.uk/finance/fees or by contacting international@gre.ac.uk

For students assessed as paying fees at the international rate, tuition fees are subject to an annual fee setting exercise and will rise annually by no more than RPI - X +3% (Retail Price Index excluding mortgage interest rates +3%). We would only consider an increase to the fee rate for continuing students to reflect the increased cost of delivering the course in subsequent years.

Visa

This offer cannot be used to obtain a Tier 4 student visa.

As an international fee paying student you will probably need a Tier 4 Student Visa to study with us. If you do require a Tier 4 Student Visa to study in the UK, please refer to the University Sponsorship Policy at http://www2.gre.ac.uk/current-students/regs/?a=1441173.

Information on how to apply and the requirements for your student visa to study with us can be found on the UK Government website at https://www.gov.uk/browse/visas-immigration/studentvisas

Useful information is also available on the UKCISA (UK Council for International Student Affairs) web-link http://www.ukcisa.org.uk/

Re:StudyPermitApplication:MohammedAbdulKhaderLnu

As demonstrated by the University of Alberta letter of admission submitted with the application for a study permit, Mohammed Abdul Khader Lnu has been admitted to the Masters of Public Health (MPH) for Fall 2023.

This letter is to provide context to the University of Alberta's MPH admission decisions and to support the student's application for a study permit. The MPH is an extremely competitive program. Given the limited number of seatsthat are available each yearwe only admitapproximately the top 10% of applicants. In 2022we had 80 students join the program from an applicant pool of 500.

There is great interest in the MPH program given our current environment to find solutions to complexproblemsthatdefysingle sectorsolutions/actionsand giventhattheprogramattheUniversity of Albertais only one of very few programs accredited by the Council for Education on Public Health. The MPH is a professional degree, and the pool of applicants is diverse, including those with medical, engineering, nursing, and other degrees. Inaddition,students with otheradvanced graduate education (MSc, PhD)enroll in the Masterof Public Health program to ensure they have a solid foundation in public health issues.

The career opportunities for our graduates are significant both within Canada and their home countries. The training students receive at the University of Alberta ensures they are prepared to make valuable contributions to their communities. We understand that IRCC officers need to be satisfied that students will leave Canada if their study permit expires. There are many immigration pathways that encourage students to remain legally in Canada upon conclusion of their studies and it is hard to imagine that any student with such sought after qualifications as a MPH would jeopardize their career prospects by remaining illegally in Canada at the conclusion of their study permit.

Wewouldbepleasedtoansweranyquestionsyouhaveaboutourprogram,ouradmissionprocessorthecareer outcomes of our students. Please contact us at sph.programs@ualberta.ca

Re:StudyPermitApplication:MohammedAbdulKhaderLnu

As demonstrated by the University of Alberta letter of admission submitted with the application for a study permit, Mohammed Abdul Khader Lnu has been admitted to the Masters of Public Health (MPH) for Fall 2023.

This letter is to provide context to the University of Alberta's MPH admission decisions and to support the student's application for a study permit. The MPH is an extremely competitive program. Given the limited number of seatsthat are available each yearwe only admitapproximately the top 10% of applicants. In 2022we had 80 students join the program from an applicant pool of 500.

There is great interest in the MPH program given our current environment to find solutions to complexproblemsthatdefysingle sectorsolutions/actionsand giventhattheprogramattheUniversity of Albertais only one of very few programs accredited by the Council for Education on Public Health. The MPH is a professional degree, and the pool of applicants is diverse, including those with medical, engineering, nursing, and other degrees. Inaddition, students with otheradvanced graduate education (MSc, PhD) enroll in the Masterof Public Health program to ensure they have a solid foundation in public health issues.

The career opportunities for our graduates are significant both within Canada and their home countries. The training students receive at the University of Alberta ensures they are prepared to make valuable contributions to their communities. We understand that IRCC officers need to be satisfied that students will leave Canada if their study permit expires. There are many immigration pathways that encourage students to remain legally in Canada upon conclusion of their studies and it is hard to imagine that any student with such sought after qualifications as a MPH would jeopardize their career prospects by remaining illegally in Canada at the conclusion of their study permit.

Wewouldbepleasedtoansweranyquestionsyouhaveaboutourprogram,ouradmissionprocessorthecareer outcomes of our students. Please contact us at sph.programs@ualberta.ca

Sincerely,

ShanthiJohnson, PhD, RD, FDC, FACSM, FGSA Professor
