## BHASKAR PHARMACY COLLEGE

### Principal's Message

It gives me immense pleasure to extend my greetings on the occasion of the Annual Day celebrations of Bhaskar Pharmacy College. Established in 2007 by the visionary educationist Late Sri J. Bhaskar Rao under the J.B. Educational Society, the college has steadily earned recognition for its commitment to academic excellence and professional education in pharmaceutical sciences. The institution is approved by the Pharmacy Council of India, accredited by NAAC and affiliated with JNTUH, Hyderabad.

**Dr. A. Srinivasa Rao**  
M.Pharm, Ph.D., FIC  
**Professor & Principal**

It offers B.Pharm, Pharm.D, Pharm.D (PB), and M.Pharm programs with specializations in Pharmaceutics and Pharmacology. The college is also recognized as an LSSSDC–PMKVY approved institute in Telangana, strengthening its commitment to skill development and quality education.

Since its establishment, the college has made remarkable progress in research and innovation, achieving more than 500 publications, 100+ authored books and 60+ patents filed, including 14 granted patents. To further strengthen research culture, the institution is establishing a dedicated R&D Center and has signed nearly 40 MoUs with industry and academic partners to promote training, research collaboration and industry exposure.

The college continues to maintain strong admissions and an excellent placement record. Our students have consistently performed well in national examinations such as GPAT and PGECET, bringing laurels to the institution. Over the past 19 years, with the continuous support of the management, the college has developed 20 state-of-the-art laboratories and six specialized departments covering major disciplines of pharmaceutical sciences.

Students actively participate in academic, co-curricular and extracurricular activities including seminars, paper presentations, sports and cultural programs. They are also encouraged to develop entrepreneurial skills through the Innovation and Incubation Centre (IIC) in collaboration with T-Hub and skill development initiatives with the Telangana Academy for Skill and Knowledge.

The institution maintains a strict anti-ragging policy and ensures a safe and supportive campus environment through the cooperation of students, parents and authorities.

As part of the J.B. Group of Educational Institutions, we remain committed to advancing education, technology and professionalism for the benefit of society. I encourage our students and staff to continue striving for excellence and contribute to the growth of the institution.

**Wishing you all good luck.**

## **VISION**

- To be a provincially recognized centre of excellence in pharmaceutical education and research, effectively integrating science and technology to advance education, drive innovative pharmaceutical research, and enhance patient care while ultimately improving the health and well-being of individuals and communities.

## **MISSION**

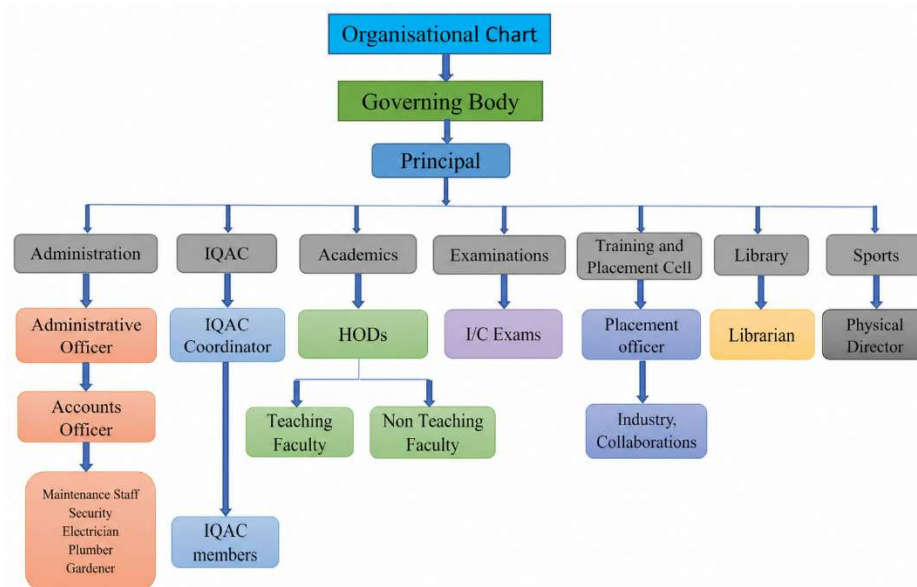

- To nurture students into competent and ethical pharmaceutical professionals committed to delivering superior healthcare services both locally and globally.
- To provide state-of-the-art facilities for students and faculty, enabling research across the spectrum from drug discovery to medication optimization in healthcare delivery, while fostering a culture of lifelong learning.
- To uphold excellence in pharmaceutical education, research, and innovation.
- To collaborate with industries and international universities, contributing to advancements in pharmaceutical education and clinical research.

## **QUALITY POLICY**

- To uphold excellence in academic administration and research, the institution strives to develop pharmacists who embody quality pharmaceutical practices, adapt to the evolving needs of the industry, and uphold strong ethical principles in intellectual property. These professionals will not only excel as academicians and meet the standards set by the Pharmacy Council of India but also rise to meet global challenges in the field.
